## JOURNEY AS AN ARTIST

As an accomplished artist and music professional, I am AM!NA JAGUAR, a dynamic force in the Melodic and Afro House genres. My musical journey began as CC Brown, where I worked as a singer and songwriter while honing my DJing skills for over six years. This foundation has prepared me to create uplifting and engaging musical experiences.

My journey in music started early, as I instinctively wrote melodies and choreographed dances before fully understanding their significance. With over

11 years of formal training in keyboards,

singing, and music theory, I realized my passion for connecting with audiences, embracing my voice as my primary instrument. Throughout my career, I have achieved several milestones: Chart-Topping Hits: My first single, "Paradox," reached No. 6 on the NRW Charts in Germany in 2004, and my album "Euphoria" achieved No. 1 in the R&B and Album Charts in Switzerland in 2020.

Collaborations and Performances: I've shared the stage with renowned artists such as Chali2na from Jurassic Five and the funk band War. My diverse background has allowed me to explore genres from rap and funk to jazz and flamenco, ultimately leading to my current focus on Melodic and Afro House.

Recognition in Ibiza: Relocating to Ibiza in 2014, I became a full-time performer with shows at prestigious venues like Pacha and Hi Ibiza. My performances are enhanced by my unique multilingual live vocals and captivating stage presence.

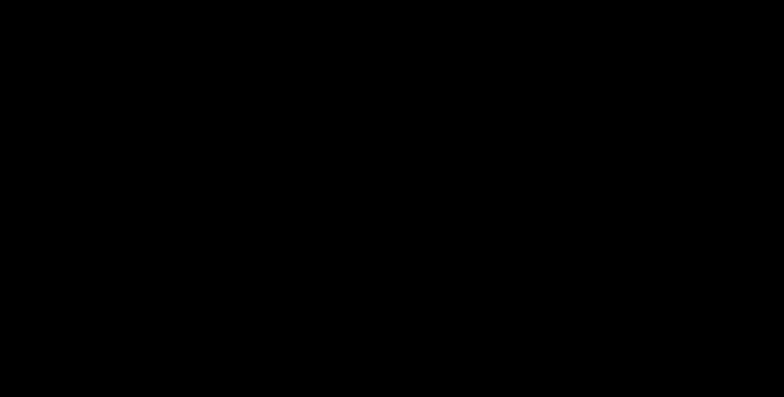

Since launching AM!NA JAGUAR in November 2023, I have quickly gained recognition on platforms like Beatport, where my tracks continuously chart. My recent single "LA" exemplifies my distinctive sound, blending catchy toplines with deep, soulful vocals. Additionally, my collaboration on the Afro House track "Mirada" has garnered significant attention, charting in the top 100 on Beatport with over 14,000 streams on Spotify in just one month.

My diverse background—having lived in Germany, Spain, and Switzerland has enriched my artistry. I have integrated elements from German 'Schlager' and Apres Ski music into my songwriting, creating catchy choruses and memorable phrases. My decade-long experience in Spain deepened my appreciation for flamenco, influencing my current productions and I now speak and sing in Spanish, French, English and German. I just moved to Los Angeles, my final dream home where I persue my ambitions in songwriting and music production as well as performing as a Vocal DJ in Los Angeles as well as Miami.
